WORK LIGHT SHINE
8500 APP

- Extremely good light dispersion
- Impact resistant
- Controlled by an app
- IP 54

WORK LIGHT SHINE
8500 APP

Work lamp with a spherical light source, which provides extremely good light dispersion in the space you wish to illuminate. Thanks to the high luminous flux (lumen), this lamp gives you a good working light over a wide area. Shine 8500 is powered by a 5 metre long cable and is also equipped with an extra power outlet. A hook in the base makes it easy to hang, and the threaded screw hole allows you to mount the lamp on a stand if required. In order to be able to control the lamp wirelessly, there is an app that is easy to add, allowing you to switch the light on and off, use the dimmer and even set a timer. The app can be used to control up to 100 devices if necessary. The lamp is extremely impact resistant.

ART. NO.	690000807
Mareld Segment	Power
Depth	280 mm
ETIM class code	EC000346
Focusable	No
SOS function	No
Strobe function	No
Light source	LED
LED technology	SMD
Colour temperature	6500 K
Light flux	8500 lm
Effect	100 W
Batteries included	No
Rechargeable	No
Lamp life	30000 h
Working temperature	-10 (±5) – +56 °C
Standard_AUTO	IK08
Cable type	F07RN3G 1.5 mm^2
Cable length	5 m
Width	315 mm
Height	280 mm
Colour	Black
Enclosure class IP	IP54
CE marking	Yes
