HEAD LAMP MILA ORION

2500 RE

- Extremely powerful light
- Robust design
- Comfortable to wear on the head
- IP 65

HEAD LAMP MILA ORION 2500 RE

Head lamp with battery pack on the neck, so everything on your head. Gives a very wide cone of light with 2500 lumen. The lamp is well balanced thanks to the battery pack on the back. LEDs on the lens show the charging status of the battery. The head lamp does not flicker out but instead switches to the Low setting (150 lumen) for 1 hour, if the battery starts to run low. Equipped with a Go Pro-mount that gives the user maximum flexibility.

**ART. NO.****690090204**

Mareld Segment	Power
Depth	45 mm
No. of batteries	1 qty
Weight	0.15 g
Colour	Black
Colour temperature	5000 K
Batteries included	Yes
Working temperature	-20 to 50 °C
CE marking	Yes
Rechargeable	Yes
Voltage	7.4
Outside diameter	57 mm
Lamp life	50000 h
Light flux	2500 lm
Charging time	2.5 h
Cable length	32 cm
Effect	18 W
Cable type	PUR 2x0.5mm
Impact resistant height	1 m
Range	100 m
Operating time energy saving output	40 h
Operating time 50% output	4.5 h
Operating time 100% output	1.5 h
LED technology	Luxeon
Light source	LED
Main material	Aluminium
Enclosure class IP	IP65
